# Eladistu, Kenneth Aaron S.
## Jr. Robotics Engineer

Olongapo City • kennetheladistu@gmail.com • 094559869355

## PROFESSIONAL EXPERIENCE

**PLANATE MANAGEMENT GROUP**                    **New Building, Dewey Ave, Subic Bay Freeport Zone, Zambales**
**Junior Robotics Engineer**                                                                       **July 2023-Present**
- Research and Development
- Experience in Computer Vision Projects and ROS2 Platform
- Developed a GUI Application using Python and PyQt5
- Developed a Mobile Application with login/sign-up screen and database using Flutter, Dart and Google Firebase
- 3D-Modelling using Fusion 360 and Onshape
- Made an Arduino-Based Project and made Hardware and Software Architecture for the project
- Making course outlines for Robotics Interns and assisting them in their learnings

**Robotics Intern**                                                                       **February 2023-March 2023**
- Research and Development
- Assisted the robotics engineer in capturing and annotating data set for Machine Learning project
- Developed a mobile application using MIT App Inventor
- Python Programming
- Developed a static login screen using Flutter and Dart

**LINKEDIN**                                                                                              **WFH**
**Freelance Front-End Developer**                                                                       **2022-2023**
- Made static websites for clients (restaurant and coffee shop)
- Made a POS system for a client using C++

## EDUCATION

**COLUMBAN COLLEGE**                                                                       **Olongapo City**
**BACHELOR OF SCIENCE IN COMPUTER ENGINEERING**                                                       **2019-2023**

## ADDITIONAL INFORMATION

- Technical Skills: Python, C++, Microsoft SQL Server, Flutter, Dart, HTML5, CSS, JavaScript, ROS2, Computer Vision, 3D-Modelling and Video Editing
- Certifications: JavaScript Algorithms and Data Structures (issued by freeCodeCamp - April 2023, Responsive Web Design - Issued By (freeCodeCamp - April 2023), Introduction to IOT (Issued by Cisco Networking Academy - July 2022
- Achievements: Deans Awardee (Columban College: Computer Engineering Batch 2023), ICpEP.SE Region III Champion Quiz Bowl 2022, ICpEP.SE National Quiz Bee Qualifier 2023
